Sending your entry form

- Please send your entry form to me **NOT** the Auctioneers. Send by post or email.
- Please remember to affix the right amount of postage, incorrect postage can delay your entry.
- LATE ENTRIES CANNOT BE ACCEPTED.
- Only signed entry forms can be accepted.

Ram and ram lamb entries are only accepted according to the following sliding scale:

- (i) To sell
- | | |
|--|------------------------------|
| 1 ram/ram lamb you must present a minimum of | 0 ewes/ewe lambs at the Sale |
| 2 rams/ram lambs you must present a minimum of | 10 ewes/ewe lambs |
| 3 rams/ram lambs you must present a minimum of | 20 ewes/ewe lambs |
| 4 rams/ram lambs you must present a minimum of | 40 ewes/ewe lambs |
| 5 rams/ram lambs you must present a minimum of | 50 ewes/ewe lambs |
| 6 rams/ram lambs you must present a minimum of | 60 ewes/ewe lambs |

SIX rams/ram lambs is the maximum that will be accepted at any one sale per flock.

There is no limit to the number of females which can be entered.

In the case that a vendor is unable to bring females to a sale, then that vendor will only be allowed to sell one ram at that sale (not the whole consignment). A vendor presenting a reduced number of females at any one sale must comply with the existing sliding scale for the number of rams allowed (sliding scale as above).

Entry fee allowing ram/female ratio exemption – only operative at time of entry/before closing date – not applicable for Stirling and Skipton Sales

The current ram-female ratio remains. Up to 3 rams for a sale treat the same. Should the breeder wish to bring 4 - 6 rams without enough females they must pay a £50+vat (€70+vat)/head entry fee for the extra rams, payable to the Society at time of entering (non-refundable). For example, a breeder wishes to bring 6 rams and 20 females – they would pay £150+vat entry fee (3 x £50+vat)(3 x €70). Another breeder brings 60 females and 6 rams = no charge or 4 rams and 30 females = £50 + vat (1x£50 + vat)(1x€70).

Ram Lambs

- a) If you wish to enter a **ram lamb**, please do so in the usual manner – through the Online, spreadsheet or fill in the enclosed ram lamb registration form and, if passed, the animal will be issued with a provisional certificate.

- b) Please use the same form (enclosed with this letter), or through the Online or spreadsheet, if you wish to have your ram lambs provisionally registered – the deadline for receiving applications to have ram lambs inspected and if passed provisionally registered is 30th November 2024.

Ram Guarantees

If a ram has been used, or semen retained, the owner must declare it in the catalogue or at the time of sale. It is up to the buyer to ascertain this before purchasing.

Shearing, Trimming and colouring of wool

It is brought to the attention of all vendors that:

- (i) The latest date allowed for shearing of sheep is 15th July.
- (ii) NO TRIMMING of male or female sheep prior to the sale is allowed.
- (iii) The Society discourages artificial colouring of wool.

Unofficial sales of stock

The practice of selling any sheep from the backs of vehicles at auctioneers' premises during official Sales is prohibited by the Society. The auctioneers have agreed that any vendor selling sheep unofficially at the Society Sales will be asked to leave the premises. You are also reminded that, in pursuing this practice, you are in contravention of Defra (or equivalent) rules.

Animal Health

Vendors with sheep showing signs of any contagious disease at any sale will be asked to remove the sheep from the market premises immediately and those sheep will not be offered for sale. Where necessary the whole consignment may have to be removed. If a vet is called, and supports the Society decision, the fees incurred will be the responsibility of the vendor.

Sheep Inspection

A panel chosen by the Society's Council will inspect all sheep from outside the pen, but if a problem arises then the panel will have authority to go into that pen. NOTE: The **panel's decision is final** and any query arising from the panel's decision should be directed to the Secretary or other Society Representative on the day of sale.

All members will have the opportunity to know the reason why their animal(s) was/were rejected by the panel. This information will be available by one of the officials at the sale, immediately after the panel has/have completed their work.

Females Batches

Members are encouraged to sell their ewes and ewe lambs in larger lots as purchasers are looking for a number of animals.

Shows at the sales

Clubs have organized shows before most of the sales – details are available on the website www.lleynsheep.com or by contacting the Club Secretaries direct.

General Information

- a) Refer to the sales catalogues for sale, penning and show times
- b) The Society encourages members to declare their genotype results of the ram in the comment box on the ram form. (Export from UK requires DEFRA (or equivalent) approved testing).
- c) **Enclosed is a polite reminder on sheep health at official Society sales – please read.**

Conditions of Sale

The Conditions of Sale can be viewed on the website, www.lleynsheep.com and a copy will be displayed at each sale – should you wish to receive a hard copy, please contact me.

Special Note – Ballymena Sale

Exhibitors must pay a fee on sale day to cover veterinary charges needed to comply with DARD export regulations.

Builth Wells Ram Sale 2024

A form has already been sent out to you to register this year's crop of ewe lambs – this can be done online, on email with a spreadsheet or the paper form – please note that the last date to receive paper forms is 31st October, 2024. The closing date for registering ewe lambs born in 2024 and done via online, spreadsheet, is 31st December 2024. Important Notice

If your sheep are showing signs of a contagious disease (e.g. Orf, New Forest), the 'Society Sale Inspectors' may ask for some or all of your consignment to be removed from the sale.

Note: If this means that you do not have enough females forward to sell the number of rams you have entered, your rams or some of your rams may not be offered for sale.

If you have concerns speak to the Society Office or Society Chairman before bringing your sheep to the sale.

Lleyn Sheep Society - Sale Inspector Panel Guidelines

It is advised the sale inspection panel follows these guidelines when undertaking an inspection at a Lleyn Sheep Society Sale.

WHEN IS THE INSPECTION, AND WHO ARE THE INSPECTORS

- The inspection panel is made up of the nominated Senior Sales Officer and the nominated members. These nominations are made by the Society Council.
- The inspection is to take place from outside the pens prior to the start of the sale

All Female Sheep

HEALTH

- Any sheep showing signs of a live contagious disease (e.g. orf, new forest) must be removed from the sale centre. Where necessary the whole pen may be removed, i.e. where there is seen to be a high percentage of infected stock in the pen.

TYPE/COSMETIC/STANDARD

- All sheep must comply with breed standards
- No trimming is allowed
- Colouring is discouraged
- Black patches are to be dealt with on an individual basis at the discretion of the inspection panel
- It is left to the inspection panel on the day to make the necessary decision. If it is felt that sheep do not fit the necessary expectations, the inspectors can ask the vendor to remove them from the sale.

QUALITY/CONDITION

- If the inspectors believe that animals are detrimental to the sale, breed and Society, they can ask the vendor to remove those in question from the sale.

TAGGING

- A random check should be done across the female sheep to ensure they are tagged in accordance with the Society rules (the Society flock number and year of birth MUST be printed on the secondary tag or a Society Tag.)

SLIDING SCALE/ENTRIES FORWARD

- The inspectors should make a note where possible of the females forward against the number of rams. They should pay special attention to empty pens and large entries of rams.
- If a breeder has to remove females and it means that they do not have enough females forward to present the number of rams entered, the said breeder will be asked to remove some of their rams from the sale.

ACTION TO BE TAKEN

- Ultimately the Senior Sales Officer and the Inspection panel must make the necessary decision on the day. It is asked that common sense is used so that everyone can get the best out of the Society sales.
- Where necessary the panel may ask for sheep to be removed from the sale
- All offenders must be noted and reported to the Promotions Committee for the October meeting so that where necessary letters of highlight can be sent to try and resolve the issue for another year.
- For long term re-occurring offenders, the Society can undertake flock inspections.

All Rams

It is advised that the inspection panel observes the rams for health and condition. They should also consider the trimming & colouring rules. The sliding scale rule must be noted. The panel should use its discretion when observing the rams and undertake action where felt necessary.
