1. A ram lamb is to be entered for Provisional Registration by the breeder ONLY.
2. Deadline for receiving applications to provisionally register ram lamb(s) is **30th November.** After this date ram lambs can no longer be processed as lambs, they would need to be entered directly as a shearling the following summer.
3. Provisional certificates can only be issued after this form is received in this office, fully completed with full payment.

To obtain FULL REGISTRATION he must be returned as a shearling

Please note that your ram lamb will only be provisionally registered until he is a shearling. To get him fully registered, he must be entered into a summer inspection as a shearling ram. He must pass these inspections to be tagged with an official Society tag and receive a certificate. Once he has this he is registered for life.

I enclose the fee of **£ _____** including VAT at 20% or **€ _____** (VAT if applicable)
Cheques made payable to Cymdeithas Defaid Lleyn Cyf. / Lleyn Sheep Society Ltd. Please note that the Society cannot accept Euro cheques – please ask for bank transfer information.
